

# COMPLETE AND ACCURATE PATIENT MEDICATION HISTORIES AT YOUR FINGERTIPS

## MEDICATION HISTORY FOR RECONCILIATION

Medication History for Reconciliation provides real-time access to comprehensive and up-to-date dispensed medication histories within the EHR workflow. Proven to save time and increase medication list accuracy, it helps reduce errors and adverse drug effects (ADEs) and prevent readmissions.

### INADEQUATE MEDICATION RECONCILIATION CAUSES:

### WITH MEDICATION HISTORY FOR RECONCILIATION:

*"The most incredible benefit of Surescripts Medication History for Reconciliation is our ability to know what medications our patients have filled. That has more impact on the quality, safety and cost of healthcare than virtually any other single thing."*

**James L. Holly, M.D.**  
Chief Executive Officer  
Southeast Texas Medical Associates

## Medication History for Reconciliation

# INCREASE PATIENT SAFETY WITH UNRIVALED ACTIONABLE INTELLIGENCE.

Make better-informed care decisions and replace tedious manual medication searches with a solution that's efficient, electronic and integrated with your EHR workflow. Medication History for Reconciliation provides up-to-date patient medication lists across EHRs in a standardized, quality-assured format.

Medication History for Reconciliation now offers unparalleled data coverage that includes nearly all patients in the U.S.

Data quality has also been improved through enhanced error review and correction, an increased percentage of SIG population pharmacy data and ongoing report cards.

### WITH MEDICATION HISTORY FOR RECONCILIATION YOU CAN:

- Quickly compile accurate** medication lists.
- Eliminate manual transcription errors** and unreported drugs.
- Reduce medication errors**, ADEs and readmissions.
- Spot controlled substance abuse** at admission.
- Obtain medication histories** for patients across care locations.
- Enhance medication data** provided.
- Lower** the cost of care.
- Access an unparalleled depth of data**, including prescriber information, date and SIG.
